### EDUCATION

#### Graduate Diploma in Software Engineering(GDSE)

Institute of Software Engineering(IUSE)

(2023-present)

#### Advance Level Examination

Southlands College

(2021/22)

#### Ordinary Level Examination

Southlands College

(2018)

### SKILLS

- Java
- Python
- Java Script
- CSS
- HTML
- React
- Type Script
- SpringBoot
- Node Js
- Mysql
- MongoDB
- Hibernate

### PROFILE

I am a passionate and motivated Graduate Diploma in Software Engineering student, currently in my final semester. As an aspiring Full-Stack Developer, I enjoy building web applications and continuously learning new technologies. With hands-on experience in MERN stack development, I have worked on projects involving authentication, CRUD operations, and responsive UI design. I am eager to apply my skills, collaborate with teams, and grow in a dynamic development environment.

### PROJECTS

#### • Notella Notes App

Developed Notella, a full-stack notes application using the MERN stack (MongoDB, Express, React, Node.js). Implemented user authentication (JWT, bcrypt), note management (CRUD, pinning, search), and a responsive UI with Tailwind CSS. Utilized Redux for state management and Formik & Yup for form handling.

#### • Wallet Watcher App

Developed Wallet@Watcher, a full-stack expense tracking application using the MERN stack (MySQL with Prisma, Express, Node.js, React). Implemented secure authentication, CRUD operations, and data visualization with Chart.js. Utilized TypeScript, Tailwind CSS, Redux, Formik & Yup for form handling, and React Router for seamless navigation.

#### • AI-Assistant App Using Python

Developed a smart desktop assistant that responds to voice commands and performs tasks efficiently. Integrated text-to-speech functionality and a user-friendly graphical interface to enhance usability.

#### • ZenFlow Yoga Website

Designed and developed ZenFlow, a responsive and animated yoga website using only HTML and CSS. Implemented smooth scroll-on animations to enhance user engagement and create a calming browsing experience.
